Present for the entire meeting were: Fr. Stephen Huffstetter, SCJ (Provincial Superior), Fr. Ed Kilianski, Br. Duane Lemke, Fr. Christianus Hendrik, Fr. Byron Haaland and Br. Frank Presto, (Provincial Secretary). Dn. David Nagel was present for matters of finance and budget. Ms. Linda Church (POSH HR Mgr) served as recording secretary on the afternoon of May 14<sup>th</sup>. Fr. Charles Brown was present during the discussion regarding Province Mission Secretary.

- I. Fr. Haaland was the leader for Wednesday morning's time of prayer and reflection.
- II. Visitations of Local Communities
  - a. Fr. Huffstetter briefly reported on his visitations to Chicago, Texas, Sacred Heart Monastery, Mississippi and Pinellas Park. He will be visiting the Sacred Heart Community at SHML the last week of May. The communities on Woods Road and Rawson Avenue will be visited in the near future.
  - b. Br. Lemke reported on his time with the St. Joseph's Community at SHML (4<sup>th</sup> Floor). He noted that the community is beginning to recover now that the restoration has been completed. There were two items of significant concern which were raised during his conversations: the need for regular meetings and the desire for conversation about the community's prayer life.
- III. Local Leadership:
  - a. Sacred Heart Monastery: Fr. James Walters was re-appointed as Local Superior. Fr. Ed Zemlik will serve as First Councillor. Fr. Wayne Jenkins was appointed as Treasurer. The entire local community will serve as House Council.
  - b. Pinellas Park: Br. Ben Humpfer's term as Local Superior has expired. Fr. Huffstetter will discuss with Br. Humpfer the possibility of a one year extension. The province will seek an extension from the Holy See if he is agreeable.
  - c. Texas: Fr. Kilianski's term as Local Superior has expired. Consultation will be held in the near future. The members in San Antonio and Raymondville are part of this local community.
  - d. Chicago/Dehon Formation House: Br. Lemke's term as Local Superior has expired. Consultation will occur in the near future.
  - e. Woods Road/Rawson Avenue: The canonical status of these two residences needs to be resolved. Fr. Huffstetter will visit the members to discern their preference. Once canonical status is resolved the issue of local leadership will be addressed.
- IV. Mission Secretary and Mission Procurator:
  - a. Dn. David Nagel has been serving as Mission Procurator. The office of Mission Secretary has been vacant for some time.
  - b. Recently Fr. Huffstetter conversed with various members of the province regarding their availability and/or willingness to serve as Mission Secretary. He had discussed these members with the council.
  - c. Fr. Charles Brown was invited to share his thoughts and experience with the council regarding the office of Mission Secretary. He had expressed strong interest in this ministry. He noted that he is committed to teaching at SHSST during the Fall 2014 Semester.
  - d. The question of budgets and mission grants arose during the discussion. It was clarified that all requests are considered by the General Curia first. The General Curia

determines the need and who will be invited to assist with monetary resources. These are then forwarded to the Mission Procurator to determine funding options.

- e. The Council did appoint Fr. Charles Brown as Mission Secretary as of July 1, 2014. His appointment expires 31 July 2016.
- f. Dn. Nagel continues as Mission Procurator.

#### V. Provincial Chapter:

- a. Br. Presto informed the council of the recent meeting of the XV Chapter Preparatory Committee. The State of the Province report is the key tool and will serve as the foundation for many of the chapter's discussions.
- b. Delegates will be receiving the agenda, schedule and introductory materials for the chapter during the week of May 19, 2014. The agenda and schedule will be sent electronically to the province's membership later that week.
- c. There will be two major celebrations during the chapter. The province will celebrate Fr. Leonard Tadyszak's 70<sup>th</sup> Anniversary of Profession on Monday, July 7<sup>th</sup>. Br. Clay Diaz Vlada will profess Final Vows on Tuesday, July 8<sup>th</sup>.
- d. The Chapter Finance Committee has been elected and seated by the chapter delegates. The elected members of the committee are Fr. James Brackin, Fr. Michael Burke, Br. Ray Kozuch and Fr. Gregory Speck. Dn. Nagel is a member of the committee ex officio with voice only. The committee has begun their work reviewing the province's financial health and procedures.
- e. Br. Presto noted that the question regarding Local Superior or Local Coordinator remains a lingering piece of confusion. Research indicated that the title Local Coordinator first appears in the Ninth Provincial Chapter when it is designated as the "popular translation of 'superior localis'". (Number 54). It is reaffirmed as the 'popular translation' during the Tenth Provincial Chapter (Number 61). Neither chapter designated this translation as Provincial Directory decision.
- f. After consultation with the General Curia, the Preparatory Committee is referring the question to the Provincial and his council for final disposition. This was not a provincial directory decision by a previous chapter. It does not need to be discussed or decided by the current chapter. The provincial and his council concluded that the term Local Superior will be used henceforth.

#### VI. Accreditation Concerns

- a. The accreditation team from Praesidium Religious Services, Inc., will be at the Province office during the week of July 21, 2014.
- b. Br. Presto reported that a letter was mailed recently to those members who have not reported training hours since July 2011. A significant percentage of the province have not documented their continuing education hours. This would have an adverse effect on the province's efforts to gain re-accreditation. Members are being asked to either document any completed hours on or before June 20<sup>th</sup> or obtain the necessary training and document their hours on or before June 30<sup>th</sup>.
- c. Council members were provided with a photocopy of the *Testimonial of Suitability* which is sent to local ordinaries when an ordained member needs faculties in another diocese. It was noted that the individual's commitment to maintaining continuing education hours is part of this testimonial. If documentation does not exist after July 1, 2014 for an individual, the province cannot attest to this fact. Br. Presto was asked to share with the province the procedure and documents utilized in obtaining faculties. This is included in *Appendix A*.

#### VII. Screening and Background Checks

During the last meeting, the council had been presented with the draft policy for conducting regular background screenings for all members of the province. This is a requirement of the US Catholic Bishops and could be added to the next version of The Instruments of Hope and Healing (the accreditation standards). The current draft answers the concerns of the formation team regarding candidates and members in temporary vows. The council formally voted to accept this as policy for the US Province, effective July 1, 2014. It is attached as *Appendix B*.

Huffstetter has endorsed this ministry opportunity.
- i. Fr. Mark Mastin is finding his ministry as a chaplain with the US Army to be rewarding and fulfilling. He has requested a posting in the Midwest to be closer to the province. He would like another three years depending on whether the US Army keeps its promises.

Nagel, Ms. Kathleen Dahlgren and Mr. Sid Liebensen will continue to monitor the situation.

## Requesting Permission to Exercise Priestly Ministry (Faculties)

Once upon a time in the not too distant past, this was a fairly easy, uncomplicated process. That fact that a person held a Celebret letter or card from the Provincial Offices opened many doors. When one was going to another parish outside his diocese, seeking permission of the pastor was sufficient. Since the June 2002 adoption of the *Charter for the Protection of Children and Young People* (aka the Dallas Charter) by the USCCB and the promulgation of *Essential Norms* in December 2002, the process has required more paperwork and vigilance on many levels.

The first change is the fact that the Provincial Superior is now required to seek permission of the Archbishop/Bishop, not the pastor. The members of the USCCB have decided this is their policy even though it goes beyond canon law and traditions. If you want to celebrate in another diocese, you need the bishop's permission.

Most ordinaries are requiring at least four weeks notice from the Provincial Superior. The exception in most cases is funerals of loved ones and relatives.

The Provincial Superior needs to provide the following information to Local Ordinaries within the United States:

- Your name and that you are a member in good standing of the province;
- When you are going to be in that diocese with the name of the parish or institution;
- Why you are going to this diocese (and provide necessary details\*);
- Which archdiocese or diocese has provided you with permission to exercise your priestly ministry on a full time basis;
- and,
- Provide a testimonial of suitability on your behalf.

Our Testimonial of Suitability is an affidavit that contains various statements regarding you, your behaviors and your character. There are two statements in particular that the province affirms: 1) that we have documentation of your continuing education hours regarding appropriate behaviors with minors, young persons and the people of God, and, 2) we have proof that a background screening checks have been conducted. These include criminal and national sex offender registry.

Some dioceses require more information. The province has chosen to follow the CMSM guidelines as detailed above.

Please be patient when the province asks for the information. We are trying to make this as easy as possible for all concerned. Please be patient and cooperative when you are asked to supply documentation for training hours or background checks. It is in your interest that the information is being maintained.

Frank Presto, SCJ  
Provincial Secretary  
May 19, 2014

(\* If you are being asked to witness a marriage ceremony, the names of the bride and groom are required. If you have been asked to celebrate the Sacrament of Baptism, the name of the person to be baptized and the parents must be noted in the document.)

## Screening and Background Checks

### *Introduction*

Aware of the needs of the broader Church while balancing the increasing demands for even more stringent screening with the right of privacy for our members, the Province strives to be fair in its response to requests and requirements for background screening. It is the intention of the provincial leadership and administration to satisfy these criteria without undue hardship. This document will help define that attempt.

Standard 1 of *The Instruments of Hope and Healing* requires the Province to conduct a series of background checks for individuals applying for candidacy. These screenings are conducted during the application process prior to the person being presented to the Admission Board.

Members of the United States Conference of Catholic Bishops require proof that criminal background checks have been conducted before they grant permission to exercise public priestly ministry within their respective jurisdictions. Many are requiring this screening to be conducted again after a set number of years. In response, the Province states in the testimonial of suitability that the screening process has been completed and/or updated.

### *Response of the Province*

The province will conduct a series of screening from public records on each member every five (5) years. The series of screenings will include:

- A criminal background check by an independent agency; and,
- Completed national sex offender registry check.

In addition to these screenings for the safe exercise of ministry, we are accountable to the Congregation and the Province in terms of our use and maintenance of property and financial assets. To assist in developing higher levels of transparency, the following screenings will be conducted simultaneously:

- Driver's license and motor vehicle activity record; and,
- Credit check.

Once a person has entered candidacy and/or has professed temporary vows, he will be screened again when the process of screening membership of the province is conducted on the five year schedule.

Screenings of public records will be conducted with the assistance of the Human Resource Director of the Priests of the Sacred Heart Development Office in Hales Corners. Results will be delivered to the Provincial Secretary and will be maintained in the member's file. They will be replaced when the next series of screenings has been conducted.

The Provincial Superior or his delegate reserves the right to share the results with legal counsel (civil and canonical) should questions or concerns arise.

The US Province will begin to implement this policy on July 1, 2014.
